Lesson Time Availability

There are three options for weekly private lessons at Lamar Middle School. You may take before school (7-8 am), during class, and after school. Before and after school consist of 30 minute lessons and during class consists of 20 minute lessons (unless that lesson is during Concert and/or Symphonic Band or there is only one student to teach during that class). Please give all alternatives in the selections below that will work with you and your family's schedule. Return this form to the director as soon as possible. You will be contacted by the private teacher to set up the lesson time.
